No tools required for installation!

Before beginning setup, please ensure all parts listed are present. If any part is missing or damaged, please contact Customer Service at 866-662-6885.

PRECAUTIONS:
• This countertop water filter is NOT compatible with faucets that feature a pullout sprayer.
• Do NOT use this system on constant-pressure applications such as ice makers or pressurized drinking fountains.
• Do NOT operate without filter cartridges installed.
• Do NOT place the system near a hot gas or electric burner.
• If the hose assembly is damaged, do NOT use and contact Customer Service.
• Do NOT use excessive force on the faucet diverter valve.

CLEANING:
To clean the system, wipe down the exterior with a damp cloth.
The filter unit is NOT dishwasher safe.
1 Attach Faucet Diverter Valve
   • Unscrew the current aerator from your faucet and attach the brass adapter if required. Hand tighten.
   • Ensure rubber washer is in place within faucet diverter valve. Attach faucet diverter valve to faucet and tighten.

2 Attach Hoses
   • Push both hoses into filter unit. Blue tip into blue cap. White tip into white cap.
   • Turn filter unit over and place next to sink faucet.

3 Flush System
   • Turn on cold water.
   • Turn on diverter valve by pulling pin. Flush for 10 minutes into sink.

NOTE: Do not drink flushed water. Discard water.

For the first 72 hours, the faucet diverter valve will drip intermittently, until the filters become fully saturated. Once they are saturated, you should anticipate a residual flow of water each time you use the filter, as the system is vented and designed to clear the line.
This system has been tested according to NSF/ANSI 42, 53, & 401 for the reduction of the listed substances below. The concentration of the indicated substances in water entering the system was reduced to a concentration less than or equal to the permissible limit for water leaving the system, as specified in NSF/ANSI 42, 53, & 501.

WHO IS COVERED
AQUASANA AND ITS SUPPLIERS, (herein collectively referred to as "Manufacturer") warrants to the original owner who purchased and subjected the system (hereinafter "Owner").

WHAT IS COVERED
This Warranty covers defects in materials or workmanship during the Warranty Period of your Aquasana Water Filter System including all sub-components purchased with original system (may or may not include faucet) listed below. The water filter is warranted only when it is installed, operated and maintained in accordance with the instructions accompanying the water filter. "Water Filter" means the filter cartridge(s) or any replacement filter cartridge(s). The Manufacturer will not be liable for any equipment introduced into the system or any equipment not manufactured or supplied by the manufacturer. The water filter is to be used in a water supply system that fulfills the remaining estimated lifespan/capacity of the filter. Water filter must not be operated in the factory calibrated temperature and pressure limits.

WHAT AQUASANA WILL DO
1. If necessary, the Manufacturer will provide a replacement that fulfills the identical function of your original purchase and send it to you at no charge. Influent: Filtered Water
2. The warranty period for Aquasana resellers is 3 years (restricted to current model). The warranty period for any replacement water filter is the remaining warranty life of the current model. The Warranty period for any replacement part(s) is the remaining warranty life of the current model. Replacement water filters, faucets, and/or component part(s) or from its use.
3. The Limited Warranty is in lieu of any and all warranties, express or implied (whether written or oral), or regulations or in their absence.
4. Manufacturer is not liable for any claims related to excessive noise, smell, or taste of water. Such charges may include, but are not limited to:
   a. All freight, shipping, handling and delivery costs or for return of a new water filter or replacement part(s) to the owner.
   b. All costs necessary or incidental in removing the defective water filter or component part(s) and installing a new water filter or component part(s).
   c. Any material required to complete, and/or permits required for, installation of a new water filter or replacement part(s), and
   d. All costs necessary or incidental in removing the defective water filter or component part(s) to a location designated by the Manufacturer.

HOW TO GET SERVICE
To receive service under this Warranty, you must contact Aquasana (A. O. Smith Water Treatment (North America), Inc.) at 1-866-662-6885 or warranty@aquasana.com within the Warranty Period to describe the problem to a customer service representative who will verify that the product is under warranty and determine whether the part or system will be replaced and whether you must send back the unit. The Manufacturer will provide reasonable assistance in obtaining service from an authorized Aquasana reseller and proof of proper installation.

WARRANTY REGISTRATION
Warranty registration is required for coverage under the Aquasana Limited Warranty and is not necessary for factory direct purchases made from www.aquasana.com. If you purchased from a retailer or an authorized reseller, please complete the online Warranty registration form at www.aquasana.com/warranty. Proof of purchase from an Aquasana authorized dealer is required. Once registered, you will have a record of your purchase.

NOW STATE LAW APPLIES
This Warranty gives you specific rights and you may have other rights which vary from state to state. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.
Replace your filters on time, without worry — auto-delivered to you, for less.
